

Alternatives to Opioids in Treating Acute and Chronic Pain

Friday, September 13

10 a.m.-12 noon

Aurora Sinai Medical Center – Rapkin Auditorium

945 N. 12th St., Milwaukee

Meets the requirements for the two-hour continuing education course on responsible opioid prescribing per Med 13.03(3) of the Wisconsin Administrative Code

Free to Attend – Lunch Included

Michael McNett, MD

Medical Director for Chronic Pain, Aurora Greater Milwaukee South, WI, and
Physician Faculty, Opioid Prescribing Education, Wisconsin Medical Society

Objectives: Upon completion of this educational activity, the participant will be able to demonstrate an understanding of:

- Why opioids should be used only as a last resort in treating acute and chronic pain
- Non-opioid medications and techniques for treating acute pain
- Non-opioid medications and techniques for treating chronic pain

Target Audience: Primary care physicians, specialty physicians, allied health professionals, nurses, social workers, and professional staff.

Education Credit: The Wisconsin Medical Society is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

The Wisconsin Medical Society designates this live activity for a maximum of 2.0 *AMA PRA Category 1 Credits™*. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

This course has been approved by the Wisconsin Medical Examining Board as meeting the requirements for the two-hour continuing education course on responsible opioid prescribing per Med 13.03(3) of the Wisconsin Administrative Code.
