RPC UPDATE

Friends and colleagues,

As many of you are aware, June 2nd is my last day serving in the role of AWY Coordinator at Community Advocates. It has been a pleasure to get to know each of you and your diverse approaches to the increasingly important work of prevention. I am proud of what we've been able to accomplish together and I look forward to celebrating your successes, albeit from a different role.

I have accepted a position with the North Shore Health Department, supporting implementation of WALHDAB's strategic plan for public health infrastructure in the SE region. I am sure I will continue to see many of you around! In any case, take care of one another.

With gratitude,

Kat Becker
